STOCHASIS S.A.: “SECTOR STUDIES”

HEALTH SECTOR FACED WITH NEW DATA

The private health sector faced significant cutbacks in 2010, resulting in the sector regressing to 2007 levels of activity. This is the main conclusion of the study “Private Health Sector” undertaken by Stochasis Management Consultancy S.A. in collaboration with TEC Business Consultants S.A.

Four departments of the private health sector were studied:

- Private general health clinics
- Maternity clinics
- Psychiatric clinics
- Diagnostic clinics
